Flight Schedule Changes: Any changes or cancellations to airline schedules are outside our control. We recommend staying updated with airline schedules before departure. Additional expenses for extended transits or alternative arrangements are the traveller's responsibility.

Internal Airfares: Local flights included in your itinerary may utilise low-cost carriers without meals or entertainment. Checked baggage is included; any additional baggage fees are payable at check-in.

IMPORTANT INFORMATION

Physical Requirements

A reasonable level of fitness is required. There is very little walking as the majority of touring will be by on a 4X4 safari vehicle. You must be able to comfortably navigate and get on and off a raised 4X4 vehicles, mini vans, boats and canoes. You will also be travelling off road so this is not recommended if you have any back conditions that could be aggravated on bumpy roads. Please disclose any physical conditions at the time of booking to assess suitability for the tour.

Travelling Times and Distances:

All travelling times are affected by road conditions, border crossings, detours and weather conditions, therefore on certain days travelling times may be longer than anticipated especially where there is a lot of distance to be covered. Please keep in mind that the time it takes to travel 100 km in your home country is not equivalent to the time it takes to travel 100 km on African roads, therefore we encourage you to sit back and enjoy the spectacular scenery Africa has to offer. Where possible additional stops will be made to ensure your travelling comfort at all times.

Accommodation:

We make use of mid-range typical African standard lodge accommodation. Accommodation is situated either in national parks, on the banks of a river, or in other places of interest. The accommodation will be a mix of lodges, chalets and tented camps all with private en-suite bathrooms.

Tipping:

\$10-15 per day
